Remarkbox embed mode defaults to light mode, but you can simply change the query string parameter to control the appearance.

"&mode=dark"

Basic Usage

Light mode (default):

```
var rb_src = "https://my.remarkbox.com/embed" +
  "?rb_owner_key=" + rb_owner_key +
  "&thread_title=" + encodeURIComponent(thread_title) +
  "&thread_uri=" + encodeURIComponent(thread_uri) +
  "&mode=light" +
  thread_fragment;
```

Dark mode:

```
var rb_src = "https://my.remarkbox.com/embed" +
  "?rb_owner_key=" + rb_owner_key +
  "&thread_title=" + encodeURIComponent(thread_title) +
  "&thread_uri=" + encodeURIComponent(thread_uri) +
  "&mode=dark" +
  thread_fragment;
```

Dynamic Toggle Based on User Preference

Match system preference:

```
var mode_param = window.matchMedia && window.matchMedia('(prefers-color-scheme: dark)').matches
  ? "&mode=dark"
  : "&mode=light";

var rb_src = "https://my.remarkbox.com/embed" +
  "?rb_owner_key=" + rb_owner_key +
  "&thread_title=" + encodeURIComponent(thread_title) +
  "&thread_uri=" + encodeURIComponent(thread_uri) +
  mode_param +
  thread_fragment;
```

Match your site's dark mode class:

```
// Example: if your site has a 'dark-mode' class on the body element
var mode_param = document.body.classList.contains('dark-mode')
  ? "&mode=dark"
  : "&mode=light";

var rb_src = "https://my.remarkbox.com/embed" +
  "?rb_owner_key=" + rb_owner_key +
  "&thread_title=" + encodeURIComponent(thread_title) +
  "&thread_uri=" + encodeURIComponent(thread_uri) +
  mode_param +
  thread_fragment;
```

Example Sites:
